

THREE-CORNERED FIFTEEN MILE RACE IS PROBABLE

Tsukamoto's Feet in Bad Shape, but He Can Get in Shape for Race Suggested for November 3.

Tsukamoto was feeling rather badly, both mentally and physically, yesterday. His feet were in shocking condition, and he could hardly walk. The doctor states that it will be a week before he can attempt to take up training again.

Since his poor showing on Sunday, Tsukamoto is very anxious to have a chance to make good under better conditions. It seems that his feet were none too solid at the time of the start of the race, and with the new shoes and socks that he wore, they very soon got chafed badly.

It also turns out that Tsukamoto was begging his trainers to allow him to stop and have his bandages and shoes taken off early in the race, but they expected Jackson to stop for a rub-down at any minute, and told him to wait until his competitor stopped. Of course, Jackson did not stop, and thus the poor little Jap kept running and running with his feet blistering, the skin coming off his toes, and the flesh swelling over the tops of the bandages.

Another Race Demanded.

There is much talk of another race. Suggestions are many, but what the three people mostly concerned seem to want is a fifteen-mile race with Jackson, Tsukamoto, and Antone Kaoo as runners.

The suggestion is a good one from every point of view. Tsukamoto has demonstrated that he can run ten miles and so has Kaoo. Jackson wants a longer distance and has shown his superiority over the full Marathon distance. But Jackson does his best work in the first fifteen miles. It looks as though this was his real distance, and it is certain that both the Jap and the Waialua Horse can do well over the added distance.

Race on Emperor's Birthday.

Kaoo was not seen on the subject yesterday, but there is no doubt that he would be willing to come in. Jackson talks about going to the Coast, but this is very much in the air, and, with

a good job on a laundry route and everybody in town wanting the Marathon Kid to fetch their washing home, it is hardly likely that Nigel will leave. Tsukamoto is naturally very anxious for the race.

The date suggested for the race is November 3. This is the anniversary of the birth of the Emperor of Japan, and is a big Japanese holiday. It should be a good date so far as gate receipts are concerned, for the Japanese are nothing if not loyal to their own representatives.

The management of the park will take the matter up with the three men during the next few days, and it is very probable that the race will be arranged.

ELIMINATION MANOA SCORES

The following were the scores made in the qualifying 36 holes for the Manoa cup tournament at the Country Club on Sunday:

Out of 32 players entering eleven did not finish the four rounds.

SAILORS MAKE TRIPLE PLAY

South Dakota 1, Maryland 1; 11 innings. Game called on account of rain.

It was a fast and snappy game of ball that was played at the Athletic Park, between the teams from the South Dakota and Maryland yesterday afternoon.

There was no scoring until the ninth inning when both sides scored one. The game went to eleven innings and was then called as old J. P. was weeping and it was much too wet for intelligent baseball.

The feature of the game was that the first triple play ever seen on those grounds was brought off. Baird, third baseman for the South Dakota team, accounted for two of the putouts while their first baseman did the other one.

There was a man on third and one on second. The batter grounded to Baird who put his foot on third base and then ran fast enough to touch the runner from second base and put him out, finally he threw to first quick enough to get the batter out. It was a great play.

Sullivan scored the run for the South Dakota. He doubled and stole third, finally coming home on a neat sacrifice by Baird. The Maryland team scored when Mulholland, the S. D. left fielder was dreaming of home. There was a long fly to left but Mulholland was thinking of those real, home-made pies and a single was turned into a double. The runner was sacrificed to third and came home on a single.

There was but one error in the game. Johnson, for the S. Ds., fanned nine, and Smith, for the Maryland, also pitched a mighty fine game.

CHANGE OF PRICE AT THE RINK.

The price of admission to the afternoon sessions of the Princess Rink hereafter will be 5 cents, skates 15 cents. This, however, will not prevail on Sunday afternoons when regular evening prices will be charged.

PACKAGE RACE FOR THE YACHTS

The next yacht race will be the consolation package race to wind up the season and it will start on Saturday, October 30. The Hawaii II. will act as package and stake boat and the race will be from Honolulu to Kaena point and back to the clubhouse at Pearl Harbor.

The Hawaii, with a party of all those who wish to go along, will leave this harbor at 1 o'clock in the afternoon and will anchor off Kaena point in smooth water. As a matter of fact it is smooth water all the way.

At 6 o'clock the yachts in the race will start. They will run down to Kaena point and, once near the stake boat, will drop dinghies and send aboard for their packages. The yacht receiving the first package at Kaena point will take a special prize.

After leaving the stakeboat at Kaena point, the yachts will make for Pearl Harbor. They will anchor off the clubhouse and will again lower dinghies. The one delivering her package at the end of the club wharf first will take first prize in the race.

The usual rules will govern this package race. All yachts must carry a dinghy and there will be no handicaps. This race has always been a very popular one and there is an epic in the club records telling of how the little Kapelei, unable to carry a dinghy on account of her size—or lack of it—allowed all the other yachts ten minutes, sailed without a dinghy and beat up to Rabbit Island in a howling gale and with a cloud-shrouded moon. She lost twenty minutes in picking up her package and even then beat the whole bunch in.

Comodore Wilder is very anxious that all who wish to go on the Hawaii should let him know as early as possible. Smooth water all the way and good fishing off Kaena point.

CAMP VERY IS FOOTBALL CRAZY

There is going to be a great football season here. The interscholastic series, of course, will be great; but there is going to be other football. Camp Very sends in the following communication:

Both officers and men at Camp Very are greatly worked up over the coming football season. First Sergeant E. K. Camp has been selected as manager and Sergeant H. E. Corey as coach. After November 1 they will be looking for intercollegiate games.

In addition to this, Fort Shafter and the good old White Knights at Leilehua are getting up footer teams. Then there is the town team of which Eddie Fernandez is manager and Haole Sumner is coach.

The Advertiser will do all it can to promote this revival of grownup football and, if managers and captains will communicate with this office, proper publicity will be given to all their news and suggestions.

It might be suggested that a meeting of captains and managers from all the service camps with Eddie Fernandez and Mr. Sumner would be a good thing. Though there is little turning of the leaf here and no frost in the wind to make us smell leather, the football season is here and, used to the climates as they are, the kamaias can play a good game. Get busy you good pigskins.

MARATHON PARTY AT THE ORPHEUM

Nigel Jackson, his manager and trainers, with several friends, occupied a box at the Orpheum last night. There were eight of them and they were all bedecked with leis in honor of the great victory of Sunday.

The party thoroughly enjoyed the entertainment and Jackson was the center of notice when that clever Wise turned some local hits on him. There was something about "Mary Thorne" and a neat little piece of repartee between Mrs. Wise and himself when they were arguing about the superiority of England or the United States. Nigel was brought in as a Britisher who had won the Marathon race and Wise, plumping for America, punned cleverly on Jackson's being an American citizen.

This was the last of the Marathon celebrations. There was a hot one in the Young Hotel on Sunday night. Jackson and manager and trainers were installed in a suite and had a touch of high life. Every half hour they rang the bell and, when the bell-boy came, they ordered ten more pies and six more glasses of lemonade. Jackson states that it was the greatest time he ever had in his life.

TIGERS TRIM KUKUI NUTS

The Waipahu Tigers took the latest Kukui team into port under tow last Sunday, to the tune of 5 to 4. The game was a very close and exciting one as the score shows.

The Tigers won the game by a beautiful batfist in the ninth. Their bats were as wide as haystacks and every time the ball came along it kissed the willow. M. Ornellas hit the winning bingle and made the winning run for the striped swatters.

Both pitchers twirled a steady game. Charlie Freitas for the winners and Wah Kai for the Nuts, were both there.

H. Kauhane and J. Rodrigues both played fine ball and did some great slugging. The former tied the score in the ninth, by slamming the ball into the camp, and not a base was stolen on the latter.

The Tigers are open for dates with any real, tiptop, crackerjack, top-sergeant team. They have won five straight games and would be very pleased to have a chance to win some more. Acceptances of this challenge will be published if sent in.

The official score was:

APPRECIATION IS EXPRESSED

The competitors in last Sunday's Marathon race were paid off yesterday and both runners took a nice little slice of coin. Jackson's share was a trifle more than \$500. Out of this he has to pay training expenses and allow his manager his percentage. Even at that the Marathon kid has done well. He certainly deserves it for he has won three straight Marathon races and has never been beaten over his favorite distance.

Bill Chilton sends in the following communication:

"I wish to acknowledge, through your columns, my appreciation of the way in which we were treated by the management of the Athletic Park in the matter of the recent Marathon race. The arrangements for the comfort of the competitors were excellent and the judging was the best I have seen in this town. The financial settlements were made promptly and entirely to the satisfaction of myself and Jackson."

"Yours very truly,
"W. R. CHILTON JR.,
"Manager for Nigel Jackson."

Sport Notes

Domingo Ferreira sends in a communication wanting to know "WHY?" He says that, if foot racing is allowed on Sunday and skating and other forms of outdoor amusement, why is not horse racing allowed. Perhaps Mr. Ferreira might find an answer by gazing into the clear surface of some quiet pool.

The Oahu baseball league will start its second series at the Athletic Park next Sunday. The J. A. C. won the first series after much exciting playing. The games for next Sunday will be C. A. C. vs. J. A. C. and Boers vs. Marines. Fine business.

MARATHON FILM
SIMPLY GREAT

The moving pictures of the Marathon race at the Bonine theater are simply great. There is no other word for it. The moving picture magician has picked out the principal incidents of the race and every movement of every person in the pictures is as clear as daylight.

The chief fun in watching the pictures is to look out for well-known faces and—"Yourself." Everybody comes out well and most of all does Jack Doyle. When asked by Mr. Bonine to stir up the bleachers so that the operator could get a good action picture, Jack stood up and waved his hat. Immediately in response the occupants of the bleachers arose as one man and began to wave and shout "Banzai."

Then Jack turned to the other bleachers over by third base and waved to them. Up they came with a loud response and much gesticulation. The interesting part of the film is where Jack turns round almost facing the camera and calls to the other bleacher. The runners are shown in several laps of the great race. Luckily Mr. Bonine caught them in the midst of the spectacular sprint in the ninth mile, when Jackson came down the home stretch like a whirlwind.

Another great feature of the film is in the part where the machine is being turned over the field and George Turner, the well-known sporting enthusiast and yachtsman, who acted as starter, is walking along, absolutely unknowing that the camera is turned on him. He is making efforts to get his pipe going and one can watch the clouds of smoke come out from the good old British tobacco burner.

Altogether it is a great film and not to be missed by any means. If you can not see yourself in the pictures you can find many of your friends and have something to josh them about.

Sergeant Barry states that his team was without Johnny Williams, En Sue and Lota on Sunday. He is quite confident that his N. G. H. team can wallop the Navy ditto if he have all his men there. He put in a challenge for a return game when the fleet comes back and this has been gratefully accepted by Lieutenant McMillan.

MAKES STRONG NERVES

No matter what kind of nervous trouble you may have, I claim that Electro-Vigor will

cure it. I have never known of a single case where Electro-Vigor has failed to cure nervousness, insomnia, neurasthenia and similar complaints.

Electricity is the life of the nerves, and the lack of this force is what causes your ailment. Restore electricity to the weak, starving nerves and the trouble can not exist.

Electro-Vigor is an electric body battery for saturating the nerves and vitals with a powerful current of electricity while you sleep. For hours at a time it pours a steady, unbroken stream of electric energy into the body, without the least shock or burn. It renews the energy and activity of every weak organ, and charges the nerves with new life and vim.

I can prove that Electro-Vigor cures. You don't have to take my word for it. I'll give you the names of cured patients and you can ask them about my treatment.

FREE TO YOU

My 100-page book, beautifully illustrated, tells all about Electro-Vigor, how it cures and cost of treatment. This book is free if you'll mail me this coupon.
